Lift Passes

Discounted lift passes can be purchased at the main gondola station. Details will be sent in a later update.

Important - Please read carefully

General Conditions of the test - the small print

1. This test, organised by Rare Management on behalf of SIGB, is accessible to retailers and the media involved in skiing and their nominated testers.
2. It is the responsibility of all participating companies and organisations to ensure that their nominated testers:
 - a) are covered by appropriate winter sports insurance, including off-piste and 3rd party cover if planning to ski off-piste
 - b) are competent to make subjective judgement and comment on the equipment that is being made available
 - c) are aware of their own DIN settings and how bindings should be adjusted on any equipment that they borrow
 - d) submit the appropriate portion of the test results card for inclusion in the central results database
 - e) make every effort to avoid damage to test equipment
 - f) return test equipment as and when requested
 - g) ski under control and do not endanger other slope users
 - h) carry an avalanche transceiver, shovel and probe if skiing off-piste. And know how to use the equipment.
3. As soon as any tester leaves the test centre area, it is on the basis that he/she is satisfied with both the adjustment and settings of the equipment to be tested. All testers acknowledge that the SIGB, their appointed organisers and the participating equipment suppliers cannot be held liable for any injuries that might occur during the period of the test.
4. All equipment is made available by participating suppliers on the basis that it is supplied on loan and remains their property at all times.
5. In order to take a pair of skis to test, the tester must leave with the supplier his or her test accreditation card, if requested. This will be returned when the skis are returned.
