Slide 2010 Catalogue
Company Directory

The Slide catalogue is the vital year-round reference book for the trade.

It provides essential information on your company and your products in three clearly defined sections.

1. Company Directory - this form

Each exhibitor will be provided with one entry in the Company Directory section, listed alphabetically, which will contain the information listed below.
A mono/black & white company logo can be added to the entry. See advertising booking form.
There will only be one entry per stand in the Company Directory. Additional Company Directory entries may be permitted at a cost of £100 + VAT per entry.

2. Brand Directory and Product Directory - separate form

Each exhibitor is allowed one entry for each individual brand they are showing, listed alphabetically in the Brand Directory together with Company Name, Stand Number, Phone and Email.
A mono/black & white brand logo can be added to all entries. See advertising booking form.
The Product Directory puts all brands into all of the product categories that apply.

Please check and amend the enclosed details, or enter information as required.
To enhance your entry with logos (in both the Company, and the Brand section), use the enclosed advertising form.
All information must be received by **11 December 2009**, in order to guarantee inclusion in the catalogue.
