

Slide 2010 Catalogue

Product Categories Listing

The Slide 2010 Catalogue features a Product Type listing which requires you to allocate the appropriate reference codes to your **Brand Names** using the following list.

If brands that you are exhibiting are not covered by any of the categories, add your suggestions for new headings at the bottom of page 2.

New headings will be given due consideration and may be included at the Organisers discretion.

The Organisers also reserve the right to amend selected categories if necessary.
