The basis of the contract is section 9.0, the general terms of contract for order forms

Your company name, address and stand number:

# Banners/Branding

One copy of this form to be returned by 5pm, Wednesday 13 January

Slide takes place in 2 adjoining halls. Running between the halls is a walkway above the height of the stands, with railings on either side. The walkway will not be used during the show, but it will make a great place for banners to be viewed from below: an ideal way to gain some extra exposure/awareness for your brand at Slide.

If your stand is located near to the walkway, your banners will be placed as close to your stand as possible, but specific locations cannot be guaranteed.

On arrival at the show, supply your banner(s) to the organisers office. The organisers will attach your banners to the railings as per the venue regulations, and will remove and return your banners to you at the end of the show.

**Format:** Banners should be approx 1m high, length variable and should be appropriate for indoor use (ie fire resistant)
